

DEVELOPMENT OF POLICY

The board has jurisdiction to legislate policy for the school district with the force and effect of law. Board policy provides the general direction as to what the board wishes to accomplish and why it wishes to accomplish it while allowing the superintendent to implement board policy.

The written policy statements contained in this manual provide guidelines and goals to the citizens, administration, employees, and students in the school district community. The policy statements are the basis for the formulation of regulations by the administration. The board will determine the effectiveness of the policy statements by evaluating periodic reports from the administration.

Policy statements may be proposed by a board member, administrator, employee, student or member of the school district community. Proposed policy statements or ideas will be submitted to the superintendent's office for possible placement on the board agenda. It is the responsibility of the superintendent to bring these proposals to the attention of the board.

With regard to all references to state statutes included in any policy of the Grinnell-Newburg Board of Directors, it shall be understood that modifications legislated by the General Assembly of the State of Iowa are automatically applicable to the policy as referenced.
